Good Afternoon Mike,

Thank you for your time earlier today, and the discussion about EPA General Comment #5 in the Arkema Project Area Pre-Design Investigation Work Plan Conditional Approval. I'd like to clarify that EPA's January 28th response was not intended as a directive and EPA is open to continued exchange of information on the topic.

Thank you,
Madi

Good Afternoon Mike and Eron,

Thank you for your submission of the Arkema Project Area Pre-Design Investigation Work Plan. Please see attached EPA's conditional approval. I think it would be useful if we talked through a few of the comments. Please let me know if you'd like to set up a time to have a call and you are also welcome to give me a call anytime.

As a side note, we appreciate the RLSO version with the comment boxes indicating which EPA comments were being addressed; it made our review much more efficient.

Look forward to talking with you,
Madi
